## PUBLIC SERVICE ANNOUNCEMENT

FOR IMMEDIATE RELEASE

### CIAA Conducting a Full-Scale Emergency Exercise

**Grand Cayman, Cayman Islands (10 October 2022)** Please be advised that the Cayman Islands Airports Authority (CIAA) will be conducting a Full-Scale Emergency exercise at Owen Roberts International Airport on Monday, 17 October 2022.

The CIAA would like to inform the public that there will be a short interruption of traffic on the roads surrounding the airport and asks for your cooperation while the emergency services test their response times to the airport. Early morning traffic will not be impacted, and any disturbance to the public will be kept to a minimum.

To comply with International Standards, the CIAA stages a full-scale emergency exercise at both the Owen Roberts International Airport and the Charles Kirkconnell International Airport every two years in order to test the ability of airport staff and emergency response agencies to work together to form an organised response to save lives and limit damage to property.
